## PROFESSIONAL SUMMARY

Motivated web development student at Developer Institute seeking a challenging web developer position. Proficient in JavaScript, Python, HTML, CSS, React, Redux, SQL, and version control with Git and GitHub. Strong problem-solving abilities, a solid foundation in web development principles, and experience collaborating within cross-functional teams. Committed to delivering high-quality, user-friendly applications.

## LATEST PROJECTS

**StockTrack – A stock tracking web application**

- Developed a web platform that allows users to track stock market performance, view real-time stock data, and manage a personalized watchlist.
- Utilized React, Redux, Node.js, PostgreSQL, and the Polygon.io API to ensure seamless data fetching and user interaction.
- Implemented JWT authentication for secure user access and storage of preferred stocks.

**Recipe Finder – A recipe search and management app**

- Built a responsive web application allowing users to find and save recipes based on ingredients and dietary preferences.
- Integrated the Spoonacular API to fetch real-time recipe data.
- Developed a secure backend with Express and PostgreSQL, ensuring efficient data storage and retrieval.

## PROFESSIONAL EXPERIENCE

**Lab Technician - Gauzy Ltd., Tel Aviv, Israel March 2021 -October 2024**

- Developed and implemented standard operating procedures for chemical reactions, improving safety protocols.
- Managed a team of technicians to optimize workflow processes and productivity during laboratory operations.
- Conducted data analysis to maintain and verify inventory levels.

**Control Center Shift Leader - Intel Electronics, Israel January 2019 – March 2021**

- Coordinated and streamlined emergency response protocols, and ensuring the safety of staff and visitors.
- Developed and delivered training programs for new employees, enhancing team effectiveness and compliance with security procedures

## EDUCATION

**Web Development Course – Developer Institute**
**July 2024 – February 2025**

**Chemistry Studies – The Open University of Israel, Ra'anana**
**2019 – 2023**
