SUMMARY

Motivated and skilled Full-Stack Developer with hands-on experience in web development, including modern frontend and backend frameworks, API integration, and database management.Proficient in JavaScript, Python, React, Redux, Node.js, SQL, PostgreSQL, and AWS. Strong ability to deliver high-quality, user-friendly applications, and adept at web scraping, cloud integration, and version control.

SKILLS

JavaScript, TypeScript, Python, HTML, CSS, React.js, Redux, Tailwind, Bootstrap, Node.js, Express.js, PostgreSQL, SQL, SQLiteCloud, AWS, RESTful APIs, JSON, JWT Authentication, Honeypot, Git, GitHub, AWS ECS, Bright Data, Selenium, BeautifulSoup, Playwright.

WORK EXPERIENCE

Full Stack Developer Intern | TLV Tech   May 2025 - Present
- Developed robust web scraping solutions using Python, Selenium, BeautifulSoup, and OpenAI API.
- Implemented automated data extraction pipelines integrated with AWS ECS and AWS S3.
- Managed data reconciliation, normalization, and structured CSV outputs.
- Debugged complex scraping issues, including CAPTCHA handling and anti-bot protections.
  Colton Project

Full Stack Developer Intern | Asaf Media   February 2025 - April 2025
- Built a full-stack food-sharing platform to facilitate free food distribution within the community.
- Developed a responsive frontend using React, Redux, and TypeScript.
- Built secure backend services using Node.js, Express, and PostgreSQL.
- Implemented user authentication and secure data management.
  Frontend, Backend

Full Stack Developer | Developers Institute | Final Project
- Real-time stock market tracking, watchlist management, and secure user authentication.
- Technologies: React, Redux, Node.js, PostgreSQL, JWT, Polygon.io
  Stock Tracker, Demo Video

EDUCATION

Web Development Course | Developers Institute   July 2024 - February 2025
Focus on modern web development practices with hands-on projects to build interactive applications.
finished the course with honors.

The Open University of Israel   October 2019 - October 2023
Completed three years of course work in Chemistry, gaining a strong foundation in chemical principles and laboratory techniques.

SOFT SKILLS

- Problem-solving & Debugging
- Team Collaboration & Communication
- Adaptability & Continuous Learning
- Attention to Detail & Time Management
- Critical Thinking
